

Needing to Control Costs?

Schneider Electric Industrial Repair Services is the Food and Beverage Industry's one-stop-shop for high quality, cost-effective service solutions.

Benefits of our Service Solutions

- Cost Savings
- Quality
- Vendor Reduction
- Extend Equipment Life
- Quick Turnaround
- Environmentally Responsible

Schneider Electric offers comprehensive industrial repair services and solutions for any major manufacturer's equipment, at typically half the cost or less of replacing with new equipment. From our comprehensive testing and repair services, to our vast inventory of remanufactured components, to our proven upgrade and migration solutions, we have high-quality, cost-effective solutions to meet your needs and keep your facility reliable, productive, and green.

Our world-class customer service is backed by:

- Over 40 years of experience.
- A highly trained technical/engineering staff.
- State-of-the-art diagnostic and testing equipment.
- Dedicated repair process, resulting in minimal turnaround time.
- Responsive and accessible customer support, including a nationwide sales and distribution network.
- A comprehensive one-year warranty covering the entire unit, in addition to the replaced components.

As a single source provider, we minimize transaction costs and turn-around time for our customers. In addition, we streamline the purchasing process. Customers can include repairs for multiple brands on a single purchase order, which, in turn, simplifies their payment and warranty terms.

Make the most of your energySM
